

Geography ideas:

- **Monday activity**
(with video on Seesaw) Listen to the first part of 'Joe and the Window' on Seesaw. Create a map showing your journey to school, or a familiar journey you walk regularly. What key human (built by people) and physical (occur naturally) features do you pass on the way?
- Interview a member of your family about what your area used to be like. What is the same? What is different?
- **Friday activity**
(with video on Seesaw) Listen to the 'Mama Panya's Pancakes' story on Seesaw. Use the links to research Kenya and create a fact file or guide. What might Adika see out of his window?
- Kenyans speak many different languages. Look at the Kiswahili language resource. Can you practise saying the words? See if you can learn to say "hello" in at least 4 different languages.
- Watch the clip about a school day in Kenya. How is it the same/different to your usual school day?

Key Texts:

- *Joe and the Window*
- *Mama Panya's Pancakes*

Watch the videos on Seesaw to listen to the stories.

Y3 *Where Do I Belong?*

Art Activities:

- **Wednesday activity (with video on Seesaw)** Design your own window display using the window design resource sheet. Plan a theme (e.g. Spring, football, animals) then think about what you could use, make or find to display. If possible, you could then make it.
- Draw pictures of as many different styles of windows as you can. You might have different ones in your house, be able to see some out of your window, or spot some on a walk. Look back at photographs of places you have visited. Look carefully at the different lines and shapes. See the different windows resource sheet for ideas. What might be happening behind these windows?
- **Thursday activity (with video on Seesaw)** Look at the Charles Rennie Mackintosh windows resource sheet. Can you design your own window? Perhaps you could make it using black paper and tissue/coloured paper if you have some, or use the stained-glass window colouring sheets.
- African animals sunset art. Have a look at the resource and create your own sunset picture showing some of the animals that live on the continent of Africa. If you don't have paint you could use coloured paper or arrange your silhouettes onto some coloured fabric.

Wellbeing:

- **Tuesday activity (with video on Seesaw)** If you were going on a journey... what would you pack in a suitcase? Draw or list up to twenty items. Think about how you would feel and write these emotions on the label.
- Try out two different activities from the mindfulness challenge cards.
- Put on your favourite music. Can you create a new dance move? Film yourself teaching it and post on Seesaw. Write a comment to let me know if you want me to share it with the class.
- Mama Panya is kind by sharing her pancakes. Make a kindness jar. Fill it with pieces of paper as kindness tokens with kind things you could do for someone else. Each day pick out one to do.
- Plan and set up a family sport competition. This could be one challenge or lots of different activities to complete. You might even want to create some certificates or rewards.
