

## GREAT INVENTIONS PAST AND PRESENT

<p>Research who invented the television and when. How many years ago was that? Draw a time-line to show how designs of the T.V. have developed over time. Include as much information as you can about them including, remote controls, channels etc.</p>	<p>If you could invent one machine, what would it be? How would it work? Who would benefit from it? How much would it cost? Design a poster to advertise it.</p>	<p>Can you prepare a speech for our class 'Dragon's Den'? You need to persuade Mrs Paisely, Mrs Smith and Mrs Johnston to fund your project. It can be either-</p> <ul style="list-style-type: none"> <li>• A robotic Hoover</li> <li>• Shoes that are self-tying</li> <li>• Driverless car</li> <li>• Your own choice</li> </ul>	<p>What do you think has been the greatest invention of all time?  Make a short musical rap to explain- What it is Why it is great Who it has helped The impact it has had on everybody in the world</p>
<p>Research who invented the telephone and when. How many years ago was that? Draw a time-line to show how designs of the telephone have developed over time. Include as much information as you can about them including, rechargeable, mobile etc</p>	<p>Wheels were a great invention. Build a model out of lego or recycling materials, using no more than 8 wheels.  You can be as creative in your design as you would like to be.</p>	<p>Our world needs environmental inventions. What would you invent to help save our planet? Share your ideas in which ever form you prefer – a poster, illustrated drawing, ppt, persuasive advert or speech. It's up to you! You could even write a letter to Greenpeace about your ideas.</p>	<p>Teleportation could be an invention of the future.  Where would you teleport yourself to?  Plot your desired location on a world map. Who would you go with? Why do you want to go there? How long would you stay? Annotate your world map with your future teleportation trip.</p>
